PREAMBLE

This Policy Statement has been compiled following a series of meetings and discussions held between the representatives of the Special Administrative Board of the Transitional School Board of the City of St. Louis (the "Board") and AFT St. Louis, Local 420 (sometimes referred to as the "Union" or "Local 420"), individually "Party" or collectively "Parties."

AFT St. Louis, Local 420, represents professional teachers and other employees who have an interest in educational excellence. The persons represented are specified within this Policy Statement. This interest is far beyond the scope of a Policy Statement governing terms and conditions of employment.

The Board and the Union recognize that the development of a quality educational program for the children of the St. Louis Public Schools ("District") is a joint responsibility, and is of paramount importance. In entering into this Policy Statement, both the Board and the Union recognize that the experience, creativity and the judgment of both Parties are necessary to fulfill the educational needs of the community.

This Policy Statement contains provisions relating to terms and conditions of employment and it also provides for a system of communication and consultation whereby the Superintendent of the District (or his/her designee), his staff and school principals, shall meet regularly with representatives of the Union, as provided herein, to discuss matters furthering their joint interest in educational excellence, as well as matters relating to the implementation of this Policy Statement. This Policy Statement is subject to Missouri and Federal laws and Board Policies, Regulations and/or Resolutions.

The provisions of this Policy Statement shall not be modified during the term of this Policy Statement, absent mutual agreement of the Parties, or a declaration by the Board that an emergency exists, as set forth herein. The Board and Union mutually pledge to subscribe to its terms with patience, understanding and good will.

All matters of discipline and discharge that are applicable and subject to Sections 168.221 and 168.251 through 168.291 of the Revised Statutes of Missouri are excluded from some articles and provisions located within this Policy Statement. Further, in the event of legislation which affects the terms of this Policy Statement, the Policy Statement shall incorporate such legislation as if in the effective Policy Statement.

Within the framework of its statutory authority and consistent with the law, the Board hereby declares its policy, with regard to working conditions and conditions of employment relating to employees specifically referred to in this Policy Statement, to be as follows:

Section A - Basic Provisions

Section A - Basic Provisions

ARTICLE I

DISCUSSION PROCEDURE

- A. The Board or its designee(s) shall meet on request with the Union, through its representatives, and shall confer on and fully discuss with intent to reach an understanding on all matters relating to wages, hours and other conditions of employment for employees. Upon the completion of the meeting(s) as provided above, any changes in the existing Policy Statement shall be reduced to writing and presented to the Board for approval at its next regularly scheduled meeting, whenever possible.
- B. Pursuant to the foregoing, any requests by the Union for change in an existing Policy Statement shall be submitted by April 1st of any given academic year in which the Policy Statement is in effect. The stated time lines may be waived by mutual written consent of the Parties. The Parties shall use their best efforts so that negotiations commence no later than April 30th and conclude no later than August 1st, if possible. The Board or Union may submit additional requests after discussions have begun, as issues come to their attention during negotiations.
- C. Either Party may request an emergency meeting to meet and confer when a Party believes it is appropriate to do so.

Section A - Basic Provisions

ARTICLE II POLICY PRACTICE

- A. The Board or its representatives shall strive to maintain the terms of the Policy Statement and not reduce benefits presently provided the employees, provided there are sufficient funds to maintain such benefits. Before any reduction is imposed, the Union may request an income and costs analysis of such benefits reductions.
- B. Except as otherwise stated, the Board shall make no changes to the Policy Statement without having given written advance notice to the Union to allow sufficient time for discussion thereon prior to any action by the Board, if discussion is requested by the Union. Notwithstanding the foregoing, certain provisions of this Policy Statement shall not be modified during the term of this Policy Statement absent mutual agreement of the Parties. However, some provisions may be terminated and negotiations resumed upon a unanimous Board vote that an emergency exists relating to that provision(s). Further, in the event of legislation which affects the terms of this Policy Statement, the Policy Statement shall incorporate such legislation as if in the effective Policy Statement.
- C. The Parties to this Policy Statement will communicate with each other via facsimile (fax), electronic mail (e-mail), hand-delivery, U.S. mail, in-person or otherwise by a recognized commercial delivery service, and each such method shall constitute a written communication for purposes of this Policy Statement.
- D. ~~The Board, Superintendent of the District or other administrators shall make no administrative change which would invalidate any provision contained in this Policy Statement.~~

Section A - Basic Provisions

ARTICLE III MANAGEMENT PREROGATIVES

It is recognized that the management of the school system and the direction of the teaching staff and all other employees are reserved exclusively to the Board, except that any actions of the Board, Superintendent, or his/her staff, under the foregoing, shall not be inconsistent with the provisions of this Policy Statement.

Except as set forth in this Agreement, the Special Administrative Board hereby retains and reserves unto itself, without limitation, all powers, rights, authority, duties, and responsibilities conferred upon and vested in it by the law. All matters within the scope of bargaining have been negotiated and agreed upon as set forth herein. The terms and conditions set forth in this Agreement represent the full and complete understanding and commitment between the District and the Union.

Section A - Basic Provisions

ARTICLE IV NON-DISCRIMINATION

- A. In accordance with applicable laws, the Parties shall not discriminate on the basis of race, color, national origin, gender, age, religion, disability, veteran status or sexual orientation in admission or access to, or treatment or employment in their programs and activities.
- B. Any employee of the Board or member of the Union is entitled to participate or not participate in political activities to the same extent as citizens generally and to become a candidate for appointment or for nomination and election to public office.
- C. Participation in such political activities or attempts to obtain appointment or nomination and election to public office shall be conducted in such a manner as not to interfere with duties as an employee of the Board.

Section A - Basic Provisions

ARTICLE V GRIEVANCE PROCEDURE

- A. A grievance is defined as a claimed violation, misinterpretation or misapplication of the Policy Statement. A grievance may also be a claim of unprofessional behavior by the Board or its supervisors. If any employee feels unfairly treated through the misapplication of any of the provisions of this Policy Statement, the employee shall utilize the following grievance procedure:
1. Within five (5) working days of the occurrence that gives rise to the grievance, the employee or the Union shall meet with the principal or the immediate supervisor in an effort to resolve the grievance. If the matter is verbally resolved as a result of this meeting, the decision shall be reduced to written format and signed by the Parties. If the matter is not verbally settled within three (3) working days of the meeting, or if the principal or immediate supervisor is unable or refuses to meet within five (5) working days of the Union's request for a meeting, the grievance shall be reduced to writing utilizing the Grievance Reporting form and shall be submitted to the Associate Superintendent with the administrative authority over the principal or supervisor and a copy to the Chief Human Resources Officer.
 2. The Associate Superintendent shall schedule a meeting to discuss the grievance with the representative of the Union. The meeting will be held within ten (10) working days of the date that the grievance was submitted in writing. In the event the grievance is not resolved at the meeting, the Associate Superintendent, within five (5) working days, shall provide to the employee and the Union a written response to the grievance.
 3. In the event the grievance is not resolved or the Associate Superintendent's response to the grievance is considered unsatisfactory by the employee, the Union in its sole discretion may demand arbitration of the grievance, in writing, within ten (10) working days of the Associate Superintendent's response.
 4. In the event that the Union makes a demand for the arbitration, the Union and the Board, through their respective representatives, shall attempt to select an arbitrator, but in the event that the Parties are unable to mutually agree, they shall make mutual application to the Federal Mediation and Conciliation Service for a panel of seven (7) arbitrators. The Union and the Board shall equally share the costs of the panel.
 5. Upon receipt of the panel of arbitrators, the Union and the Board shall select an arbitrator from the list by alternately striking names from the list until one name remains, and that person shall be the arbitrator for the grievance. If there is a dispute as to which Party will strike first, the determination shall be made by lot. Neither Party shall have the right to reject a panel of arbitrators.

Section A - Basic Provisions

6. The arbitrator shall have no power to add to or subtract from the terms of this Policy Statement.
7. If a dispute exists concerning the arbitrability of an issue referred to arbitration, the issue of arbitrability shall be the first issue before the arbitrator and no other matter will be considered by the arbitrator until the question of arbitrability is resolved. All matters of discipline and discharge that are subject to Sections 168.221 and 168.251-168.291 of the Missouri Revised Statutes are excluded from these grievance and arbitration provisions. To the extent that, during the term of this Policy Statement, there is a change in the law that would permit reference of matters subject to Sections 168.221 and 168.251-168.291, to the process set forth in this Article, the Parties shall meet and confer regarding an amendment to this Article V to accomplish that purpose.
8. The decision of the arbitrator shall be final and binding on the Parties and shall be enforceable in the Circuit Court of the City of St. Louis.
9. Each Party shall bear its own full cost of representation in the arbitration. The cost of the arbitrator will be divided equally between the Parties, subject to the provisions of Section A, Article V.

B. Other Provisions Governing the Grievance Procedure

1. Any of the time limits set forth at any of the several stages of the foregoing procedure may be reduced or extended only by mutual agreement of the Parties.
2. No employee will be prejudiced or discriminated against by the Board or school administration because of the employee's participation in this grievance procedure. Nor shall the fact that an employee has filed or participated in a grievance be taken into account in the evaluation of such employee. The Union, for the employee, agrees to utilize the procedure in good faith.
3. The Board and Administration will cooperate with the Parties involved in its investigation of any grievance and further will furnish the Parties involved such reasonable and appropriate information as is requested for the processing of any grievance.
4. Should the investigation or processing of any grievance require that an employee or employee's representative be released from a regular assignment, the employee shall be released without loss of pay or benefits as long as no unreasonable interference with the school program results.
5. All communications and records dealing with the processing of a grievance will be maintained separately from the personnel file of the participant.

Section A - Basic Provisions

6. If a grievance develops at or near the end of the school year, such that sufficient time is not available during the school term to implement fully the grievance procedure set forth herein, the Parties will mutually agree on new time limits to expedite the process, as practicable. (See, e.g., ¶ 9, below.)
 7. As used in the foregoing procedure, "employee" shall mean either: (1) an individual employee or (2) a group of employees who have the same grievance.
 8. The Union shall have the right to present grievances in the manner prescribed above on behalf of the employee(s) or itself.
 9. If in any given case the Parties should mutually agree that an expedited arbitration hearing is appropriate, the hearing will be conducted in accordance with the following:
 - a. The hearing will be informal.
 - b. No briefs shall be filed or transcripts made.
 - c. There shall be no formal rules of evidence.
 - d. The hearing shall normally be completed within one (1) day.
 - e. The arbitrator shall render his/her written decision within five (5) days after conclusion of the hearing. His/her decision shall be based on the record before him/her and shall include a written explanation for the basis of his/her conclusion. However, these decisions shall not be cited as a precedent.
 - f. The arbitrator shall be selected in the same manner as provided in Section A.5. of this Article.
- C. The provisions of this Article shall not be modified during the term of this Policy Statement, absent mutual agreement of the Parties, or a declaration by the Board that an emergency exists, as set forth herein.

Section A - Basic Provisions

ARTICLE VI UNION RIGHTS

A. Majority Rights

1. The Board or the administration will not accord to any other organization of employees any of these rights accorded to the Union for those employees who are in the Teacher, Paraprofessional and Secretarial/Clerical units represented by the AFT St. Louis, Local 420. However, this shall not be understood to require the Board to discriminate against any employee in the exercise of payroll deduction conveniences previously accorded. Nor shall this be construed to preclude the Board from responding appropriately to others in the exercise of rights accorded to them by law.
2. The Union will be responsible for delivering Union literature to the Board's Human Resources Department to be placed in newly hired employee's Board issued packets. The Human Resources Department shall have the right to approve all material the Union wishes to place in the Packet.
3. The Union shall have the right to email or otherwise electronically communicate with employees of the Board individually or as a group.
4. Any complaint by a Union Officer, Area Coordinator or Building Steward of harassment in the performance of their official union duties may be processed under Section A, Article V of this Policy Statement.

B. Leave for Union Activity

1. Any employee (not more than six (6) teachers and/or four (4) non-certificated employees at a time) elected or appointed to any full-time position in the Union shall be given a leave of absence; provided, however, that any such leave shall only be given for a full semester or a full school year and not for a part of a semester. The employee shall continue to accrue seniority for salary increments and all other purposes where seniority is a factor. The absence shall not be construed as a break in service for any purpose, except for probationary employees whose leave time cannot be counted for the purpose of achieving permanent status.

Leaves granted pursuant to this section shall be with pay provided the Union reimburses the Board for all salary and benefits paid to the employee.

2. Regularly appointed employees on such leave of absence shall be permitted to make their regular contributions to plans requiring such contributions, if any. These employees shall also be permitted to pay the contribution required or permitted by laws to be made by the employee to

Section A - Basic Provisions

the Public School Retirement System to insure that full credit for retirement is granted for the time spent on such leave of absence.

3. Employees returning to active employment with the Board after a leave for Union activity will be assigned to their former position or a position for which the employees are qualified, as determined by the Board.

D. Dues Deduction

1. The Board will deduct from the pay of each employee, for whom it receives written authorization, the required amount of fees for the payment of Union dues and/or voluntary contributions. No deduction will be discontinued except upon written notification to the Board by the Union or by failure of the employee to have sufficient salary remaining after other deductions have been processed.
2. Revocation of a Dues Deduction Authorization shall be made by an employee only between June 1st and June 30th, or as otherwise may be required by law. All Revocations of a Dues Deduction Authorizations must be sent to the Union's main office location via U.S. Certified Mail.
3. The Union must report to the Board no later than July 10th the names of employees who have requested discontinuation of payroll deduction during the revocation period. Deductions will be discontinued on the next pay date following receipt of the report from the Union, provided the report reaches the Board at least ten (10) days before the scheduled pay date. All deductions, accompanied by a list of persons from whom they have been deducted and the amount deducted from each and a list of persons who had authorized deductions and from whom no deduction was made and the reason therefore, shall be forwarded to the Union, upon reasonable request from the Union. Any discrepancies must be reported by the Union to the Board within five (5) days of receipt of the deduction report.
4. The Union shall indemnify and defend the Board, the Superintendent and all other Board representatives and employees from any claim concerning the deduction of Union dues pursuant to this section.

Section A - Basic Provisions

5. Employees who, upon hire by the Board, choose not to join the Union, shall sign a waiver and release form agreed to by the Parties specifying that the Union shall not be required to represent the employee.

E. Lists

1. The Board will furnish to the Union by September 30th, October 30th, November 30th, January 30th, April 30th and June 30th of each year a complete list of employees in electronic form covered by this Policy Statement. The list will contain the employee's name (last name first), job title, home address, certification/licenses, and seniority.
2. The Board will notify the Union after each monthly Board meeting of all newly appointed employees, as well as employees who have separated from service.
3. The school/site principal or administrator (or his/her designee) will provide the Union Steward with an up-to-date list of the bargaining unit members, upon request.

F. Visitation by Union Representatives

1. Two Union representatives will be allowed access to any school or work location for consultation with an employee or employees before or after school or the work day, or during the lunch period, so long as such visit or visits do not conflict or interfere with other school or job activities.
2. A list of all such accredited representatives shall be furnished by the Union to the Superintendent's office by October 15 and kept current by the Union. Such Union representative(s), on any visit, shall report their presence to the school principal or other head of a location, directly, upon entry into the school or on location premises. Upon request of an employee(s) at a given school or location or the Union, the principal or other head of a location will allow additional representatives (such that the total does not exceed more than two (2) in number) access to the school or location, after school or working hours, for consultation. Such access shall be subject to the consent of the principal or other head of a location, which consent shall not be unreasonably withheld.

3. The Union shall have the right to place literature and notices in the physical or email mailboxes of employees, provided such material is not in violation of any of the provisions set forth in this section. Communications from other organizations which do not purport to represent the employees referred to in this Policy Statement may also be placed in the employees' mailboxes, subject to such rules as may be prescribed by the Board. Courtesy copies of all such material shall be presented to the principal or head of a location before being placed in mailboxes and any questions relative thereto shall be resolved in the same manner as described above in this section.

H. Administrative Notices, Bulletins, etc.

A copy of any central office, Superintendent (or his/her designee), Associate Superintendent, or other head of a location notice, directive or posting relating to working conditions of employees generally, or to any group of employees shall be sent to the president of the Union simultaneously. Copies of all communications sent by the Union to employees generally shall, at the same time, be sent to the Human Resources Department.

I. Labor/Management Meetings

Such a committee of not more than seven (7) shall be selected by the faculty of the school and shall include the building representative. Such committee shall include employees from the bargaining units: no more than four (4) will be selected from the certificated bargaining unit, and no more than two (2) will be selected from the non-certificated bargaining units, plus the building representative(s).

2. Where schools have two (2) or more administrative units under one principal, the faculty of each unit shall select at least one committee member representing the unit.
3. Any meetings of said committee shall be strictly advisory in nature and shall in no way diminish the authority or responsibility of the principal to administer the affairs of the school.
4. Work locations other than schools shall have an advisory committee functioning in the same manner as the TEAC but shall be composed of a maximum of three (3) bargaining unit members working at that location and elected by the staff of that location.
5. When an issue affecting the overall accomplishment of a work site's mission remains unresolved for more than thirty (30) days by the Teacher/Employee Advisory Committee and the principal or immediate supervisor, it may be referred to the appropriate Associate Superintendent for review.

K. Information and Statistics

Copies of information, statistics, scattergrams and records which are relevant to discussions between the Board and the Union on wages and working conditions or necessary for the implementation of the terms of this Policy Statement shall be made available by either Party upon the request of the other. This provision shall not apply to any confidential or privileged material.

Section A - Basic Provisions

ARTICLE VII EMPLOYEE PROTECTION & SAFETY

A. Injury/Illness in the Line of Duty

1. Employees suffering personal injuries or occupational diseases arising out of and in the course of their employment shall be accorded those rights and benefits as are provided under the Missouri Workers' Compensation Act and the Board's regulations regarding assaults.
2. Any employee who is absent because of any injury compensable under the Workers' Compensation Act will receive statutory compensation according to the provisions of the Act.
3. All employees are required to promptly report injuries to their immediate supervisor or other designated representative (e.g., within 24 hours) so the injury can be investigated and, if need be, appropriate medical care can be authorized. Should the injured employee's medical condition preclude the prompt reporting of the injury, the injured employee is to report the injury to their immediate supervisor (or, as necessary, their supervisor's supervisor) as soon as their medical condition will enable them to do so. The supervisor is required, as possible, to submit the report of the injury within 24 hours of all known or reported injuries regardless of whether the employee was able to do so. Employees are also required to cooperate with any designated representative of the District in the investigation of the injury.
4. The District will comply with the provisions of the Missouri Workers' Compensation Act (Chapter 287, R.S. Mo.). If any rule or policy adopted by the District is found to be contrary to the Workers' Compensation Act, the District will adhere to the interpretation of the statute by the court(s) in the appropriate legal jurisdiction.

B. Assault Injury

1. Any employee who is absent because of an assault injury (defined below) which is compensable under the Workers' Compensation Act, will receive statutory compensation according to law. In addition to any such payment, an employee absent from work because of an assault injury which is compensable under the Missouri Workers' Compensation Act will be entitled to a separate, additional payment from the Board in an amount equal to 75% of the difference between the employee's regular compensation (net of legally required deductions) and the payment received pursuant to the Missouri Workers' Compensation Act.
2. For the purposes of this section, "assault injury" means a physical injury caused without the employee's consent and arising out of or as a result of

Section A - Basic Provisions

an assault involving any student, parent or employee of the St. Louis Public Schools, while the employee is on duty.

3. Any employee who believes that he/she is on injury leave due to an assault injury shall submit a report of the accident resulting in claims for Workers' Compensation Act benefits to the Human Resources Department (or its designee). The appropriate representative will compare this report to the employee's supervisor's descriptive report of the accident which is submitted pursuant to Board Policy 4640 and Regulations 4640.1; 4640.2; and 4640.3 to the District's Supervisor of Insurance and Risk Management. The Supervisor of Insurance and Risk Management shall then make a recommendation to the Superintendent of whether the employee's injury is an "assault injury." The Superintendent, subject to the approval of the Board, shall make the final determination of whether an employee's injury is an assault injury.

C. Required Reports

1. A descriptive report of the accident resulting in injury, as well as claims for Workers' Compensation benefits, must be submitted by the employee's immediate supervisor within two (2) days to the Supervisor of Insurance and Risk Management.
2. The Supervisor of Insurance and Risk Management shall report all such injury reports and claims to the Human Resources Department for logging and follow-up.
3. Upon receipt of a medical release to return to work, the employee shall be obligated to return to work immediately and provide the physician's statement releasing him/her without restrictions. The immediate supervisor will process a copy of the release to the Supervisor of Insurance and Risk Management and the Human Resources Department within two (2) days of the date of the employee's return to work.

D. Student Transportation

1. In the event a student requires transportation after a school sponsored activity has terminated, and the employee is the sponsor of such activity. The employee shall be empowered to call the local police department for transportation of said student(s); but employee shall not be liable for actions taken by the employee, if the police refuse to transport such student(s) and the employee notified or attempted to notify employee's principal or supervisor and received no directives from the principal or supervisor.
2. Employees who volunteer for authorized trips must have prior written approval of the principal or the principal's designee. Such written notice

Section A - Basic Provisions

will provide the employee with liability insurance as outlined by the provisions of Paragraph B of Board Regulation 4770.

E. Assault to an Employee

1. The principal or his/her designee shall notify the police when an employee is assaulted by a student, parent, guardian, school personnel and/or outside intruder, or suffers personal property loss or damage (including automobiles), provided the employee is willing to sign a formal complaint.
2. An employee has the right to notify the police.
3. The principal shall notify the police when an intruder refuses to leave the school premises.

F. Damage to Personal Property

1. Any employee who sustains damage or loss to any personal property, such as wearing apparel, dentures, eye glasses, hearing aids, and automobiles, due to an incident which occurred on Board property or during a school sponsored event, and which can be documented by a written police report, shall be entitled to reimbursement as set forth herein. The employee will present a copy of the police report and an application for reimbursement to the principal/supervisor and to the head of the Human Resources Department in order to receive reimbursement. Each case will be decided on its merits. Reimbursement for damage to an employee's personal property shall only be reimbursed up to \$500.00.
2. At no time shall the employee suffer any loss of pay or benefits due to the conduct of police investigations or court appearances related to the damage or loss of personal property due to assault, harassment and/or acts of violence or damages to property or other loss while the employee is on duty.
3. The Board reserves the right to establish a total limit, from time to time, for the total reimbursement the Board will expend in a given year.
4. The terms of property signed out to the employee by the District, if reasonably secured on District property, shall not be the financial responsibility of the employee, if stolen, lost or damaged and a report is made by the employee to the District upon discovery of the theft, loss or damage.

G. Other Safety Rules and Policies

The Board and Union desire to provide a safe workplace for all employees and the Board hereby retains the right to apply any other disciplinary actions, up to and

Section A - Basic Provisions

including termination, for failure to comply with reasonable and appropriately communicated safety rules and regulations.

1. Drug & Alcohol Use

In accordance with long-standing Board policy in support of a drug and alcohol free workplace, the Board will establish and communicate a Drug & Alcohol Policy, which Policy shall be shared in advance with the Union, relating to a drug-free workplace and the use of alcohol or non-prescribed drugs in the workplace. Pursuant to any such Policy, refusal to submit to a drug/alcohol test will presume the test would yield a positive result, and shall be grounds for discipline, up to and including termination.

2. Use of Safety Devices

a. The Board will make a reasonable effort to provide employees with necessary safety devices and equipment for the appropriate task. However, if the devices and equipment are unavailable, the employee is **not** authorized to proceed with the contemplated task or to use alternate furniture, fixtures or other unsuitable equipment to complete the task.

3. Reporting of Safety Hazards

The Board requires all employees to immediately report to the appropriate Party any hazards, whether related to deficiencies in physical property or by observation of an unsafe human action, which may present an immediate risk of injury to students, employees and/or others. This would include any unsafe condition that could in the foreseeable future cause physical injury or property damage. Following notification of the hazard, supervisors are required to immediately cordon off or apply appropriate signage to warn of the hazard as well as notify maintenance or other appropriate personnel of the unsafe condition or action. If an employee is performing an unsafe action, their supervisor is to immediately inform the employee to halt the unsafe act.

If an employee reasonably believes he/she is being assigned to such duties, the employee shall bring such conditions to the attention of the principal/immediate supervisor for evaluation and immediate corrective action where needed. 2. "Length of service" means the time elapsed since the first probationary appointment, except when there is an interruption of service because of resignation or other termination. "Length of service" then means time elapsed since the latest probationary appointment.

The employee will be provided a copy of any such materials at ten cents (\$.10) per page. Any representative of the employee may review said material provided notarized written consent of the employee is given to the Human Resources Department or the site administrator.
2. Material relating to an employee's conduct, service, character or personality shall not be placed in the employee's personnel file unless the employee is given the opportunity to acknowledge that he/she has read such material by affixing his/her signature on the actual copy filed with the understanding that such signature merely signifies that he/she has read the material. However, if an employee does not avail himself/herself of the opportunity of reading such material within fifteen (15) calendar days after being informed of its existence, it may then be placed in the employee's personnel file.
3. The employee shall have the right to answer any material filed, and his/her answer shall be attached to the file copy. Action by the Board in relation to the retention, promotion, or recommendation for dismissal of an employee will, in the main, be based only on material and information contained in that employee's personnel file. The Board condemns any possible practice of maintaining so-called "secret" files on employees (though, as stated above, grievance-related materials are maintained separately). All personnel information at any location is reviewable by the employee as described below. The Board may consider and use any information about the employee provided the employee has been previously given the opportunity to acknowledge that he/she has read such material. This may be shown by the employee's signature affixed to the document or by other evidence indicating that the employee was provided

Section A - Basic Provisions

J. Reporting Child Abuse/Neglect

Any employee who has reasonable cause to suspect, or who receives a report from any person that a child has been or may be subjected to abuse or neglect, committed by any person, including abuse by another school employee, shall immediately report the facts to the school principal. When an administrator has knowledge that a hotline report is made regarding an employee, an investigation of the report will be conducted pursuant to the provisions of applicable law and Board regulations. If requested by the employee who is the subject of the report, the Union will be notified as soon as reasonably practicable for the purpose of ensuring that representation is made available for the investigation. The accused employee may be immediately assigned, with pay, to other duties which do not require contact with students. The employee will receive, in writing, a list of all charges. Any employee for whom the Division of Children Services (DCS) finds insufficient evidence of abuse or neglect may request reassignment to the employee’s previous job site or other sites with duties that the employee is qualified to perform. If any report regarding the alleged incident is placed in the employee’s file and DCS finds insufficient evidence of abuse and no disciplinary action is taken against the employee, then that report will be deleted from the employee’s file.

All applications for sabbatical leave must be approved by the Human Resources Department.

SALARY PROVISIONS -The sabbatical leaves of absence granted pursuant to this policy shall be paid at the rate of one-half of the scheduled salary for the employee during the school year of the leave for the employee. Before being granted sabbatical leave, the employee shall make application on a form provided for this purpose and enter into written agreement with the District that upon termination of the sabbatical leave, he/she will return to service in the St. Louis Public Schools.

The District will forward the biweekly check of the employee on sabbatical leave to the address on file in the Human Resources Department or make the authorized direct deposit to the employee's bank account, as appropriate. The final biweekly salary check will be payable upon approval of the required sabbatical leave report. VACATION, PERSONAL, AND SICK LEAVE - An employee shall not be entitled to earn or use Personal Time Off ("PTO") and shall not be entitled to use sick leave while on sabbatical leave. The employee is entitled to the annual vacation leave during the period of sabbatical leave so long as the employee otherwise qualifies for vacation leave.

RETIREMENT - An employee shall be given credit toward retirement for the time spent on sabbatical leave, in accordance with the rules and policies established by the St. Louis Public Schools Retirement System.

TENURE AND PERMANENT STATUS - Sabbatical leave shall not impair the employee's tenure as a permanent certificated employee or the permanent status of a non-certificated employee.

C. Leave for Military Reserve Training or State of Emergency

Leave for Military Reserve Training or Statement Emergency will be granted according to the Board's policy, adopted by Board Regulation 4620.7, and applicable law, as follows:

PROCEDURES FOR TAKING MILITARY LEAVE - A military leave of absence will be granted to employees who are absent from work because of service in the United States uniformed services in accordance with the Uniformed Services Employment and Reemployment Rights Act (USERRA), 38 U.S.C. §4301, et seq., and Section 105.270, Revised Statutes of Missouri, or their successors. Advance notice of military service is required, unless military necessity prevents such notice or it is otherwise impossible or unreasonable. Employees are required to notify the Human Resources Department as soon as they become aware of their military obligations.

Additionally, the employee must submit an official order from the appropriate military authority evidencing the duty for which the leave of absence is requested, in order for the employee to receive any paid time off pursuant to this Policy. Upon receipt of evidence of military duty from the appropriate military authority, an employee on military leave shall be entitled to a paid leave of absence for a period not to exceed a total of 120 hours in any federal fiscal year. Although an employee may be entitled to a military leave of absence in excess of 120 hours in any federal fiscal year, any authorized military leave time in excess of 120 hours in any federal fiscal year shall be unpaid. Employees on authorized military leaves of absence beyond 120 hours in any federal fiscal year may utilize earned PTO time, if any, but are not required to do so.

BENEFITS DURING MILITARY LEAVE - Employees should consult with a Human Resources representative to discuss leave benefits and the employee's responsibilities while on leave. Employees on authorized military leaves of absence for 120 hours or less in any federal fiscal year shall continue to receive all benefits at the same level as they received prior to the military leave of absence. Additionally, employees on authorized military leaves of absence for thirty-one (31) days or less will continue to receive District paid healthcare benefits at the same level as they received prior to the military leave of absence. COBRA notice and election forms will be provided to employees on authorized military leaves of absence in excess of 120 hours in any federal fiscal year. Continuation of health insurance benefits is available after thirty (30) days of military service at the employee's expense for up to twenty-four (24) months, per the requirements of USERRA and is subject to the terms, conditions and limitations of the applicable plans for which the employee is otherwise eligible.

Section A - Basic Provisions

If an employee neither gives advance notice regarding an absence nor elects insurance coverage, the District may cancel the employee's insurance when the employee's authorized leave of absence exceeds thirty-one (31) days. If it is later determined that the employee was unable to provide advance notice of the leave because of military necessity, or it was impossible or unreasonable to do so, the District will reinstate coverage on the employee's election and payment of unpaid premium amounts due.

If an employee elects coverage but does not pay the monthly premium, the District will cancel coverage. Coverage will be reinstated on the first of the month following the employee's return to work.

REINSTATEMENT RIGHTS AFTER COMPLETION OF MILITARY SERVICE -

Eligibility for reinstatement to employment after military duty or training is completed will be determined in accordance with applicable federal and state laws. Employees returning from military leave will be placed in the position they would have attained had they remained continuously employed or a comparable position, depending on the length of military service, in accordance with USERRA. Upon their return to work, employees will be treated as though they were continuously employed for purposes of determining benefits based on length of service.

Upon conclusion of military service, employees on a military leave of absence covered by USERRA are required to report to work within a specific period of time, depending on the length of military service:

- (1) If the employee's military service lasts from 1 to 30 days (or if the employee is absent from work in order to take a fitness-for-service examination), you must report back to work by the beginning of the first regularly scheduled work period that begins on the next calendar day following completion of military service, after allowance for safe travel home from the military duty location and an eight (8) hour rest period.
- (2) If the employee's military service lasts from 31 to 180 days, the employee must submit an application for reemployment no later than 14 days after completion of the military service.
- (3) If the employee's military service last 181 days or longer, the employee must submit an application for reemployment no later than 90 days after completion of the military service.

Any unexcused delay in complying with the deadlines set forth above may result in the application of the District's policies and regulations governing unexcused absences.

Section A - Basic Provisions

Those employees on a USERRA covered military leave of absence lasting longer than 31 days must provide documentation showing the following upon their return:

- (1) That the employee's application for reemployment is timely;
- (2) That the employee has not exceeded the five (5) year service limitation; and
- (3) the reason for the employee's separation from military service.

NON-DISCRIMINATION/NON-RETALIATION POLICY - In accordance with applicable law, it is the District's policy that no employee or prospective employee will be subjected to any form of discrimination or retaliation on the basis of that person's membership in or obligation to perform service for any of the Uniformed Services of the United States. Specifically, no person will be denied employment, reemployment, promotion, or other benefit of employment on the basis of such membership. Furthermore, no person will be subjected to retaliation or adverse employment action because such person has exercised his or her rights under this policy. If any employee believes that he or she has been subjected to discrimination or retaliation in violation of this policy, the employee should immediately contact the Human Resources Department. If an employee has any questions about this policy, the employee should contact the Human Resources Department.

D. Sick Leave/Personal Time Off

Paid Time Off will be granted according to the Board's policy, adopted by Board Regulation 4622, and applicable law, as follows:

ACCRUAL OF SICK LEAVE Consistent, ongoing, meaningful contact with students and staff is important to the learning environment and the overall district operation. Therefore, it is an essential duty and function of a professional staff person's position. When a staff member is frequently absent or is absent for an extended period of time, the instructional environment and district operations are compromised, and the students suffer.

However, staff members who are ill are encouraged to stay home to promote healing and reduce the risk of infecting others, especially during a pandemic or other significant health event. The district may require an employee to provide the district a doctor's statement or other verification of eligibility for sick leave before the district applies sick leave or other applicable paid leave to the employee. The district may require an employee to present a certification of fitness to return to work whenever the employee is absent from work due to the employee's health.

To that end, all full-time employees are eligible to earn sick leave days during each fiscal year (i.e. July 1st to June 30th). Certificated teachers, administrators

Section A - Basic Provisions

and non-certificated 10, 10.5 month staff members will be granted 10 days of sick leave per year. All 11 month employees will be granted 11 days of sick leave per year and all 12 month employees will be granted 12 days of sick leave.

- a) Sick leave is prorated for employees hired after the beginning of the fiscal year as follows:

<u>Hire Date</u>	<u>10 / 10.5 month</u>	<u>11 month</u>	<u>12 month</u>
On or after July 1 and by September 30	10	11	12
On or after October 1 and by December 31	7	8	9
On or after January 1 and by March 31	5	6	6
On or after April 1 and by June 30	2	2	3

- b) Sick leave is also prorated for extended leaves of absence.

Each year unused sick leave days will be accumulated in the employees' sick leave bank. The maximum number of sick leave days an employee may accumulate in their bank is 130 work days. (Employees who have banked sick leave days as of January, 2004 should refer to Board regulation 4621)

The Superintendent, or his/her designee, reserves the right to take disciplinary action up to and including separation of employment in the event of abuse of sick leave privilege. No employee will be disciplined or terminated for absences qualifying for protection under the Family Medical Leave Act (FMLA) or other applicable law.

Sick leave granted during each fiscal year (July 1st to June 30th) may be used for absences necessitated because of personal illness, injury or accident, illness, injury or accident of an immediate family member or a medical disability which prevents the employee from performing his or her duties in accordance with state and federal law.

Leave is available pursuant to the Family Medical Leave Act and as set forth in the District's FMLA Leave Policy (#4620.2) for employees seeking leave to care for a child, spouse or parent or his/her own "serious health condition" as defined in the Family Medical Leave Act.

PERSONAL DAYS: Each fiscal year, in addition to sick leave days, all 10, 10.5 and 11 month employees will be granted two (2) personal days. Personal time off requires 48 hours' notice before the date of the leave, except in cases of personal illness, family illness or an emergency, and cannot be scheduled during the

Section A - Basic Provisions

following blackout periods with the exception for personal illness, family illness or an emergency:

- The first two weeks of classes during each school year
- The last two weeks of classes during each school year
- Following written notice of suspension or discharge
- District-wide professional development days
- MAP and EOC testing

Twelve (12) month employees are not granted additional personal days due to having vacation days but may use 2 of his/her sick days as personal days. Personal time off requires 48 hours' notice before the date of the leave.

Any unused personal days will be rolled over into the accumulated sick leave bank and can be used as sick leave in future years.

Regular employees receiving personal days for absences on both the work day preceding and the work day following a holiday or holidays shall receive holiday pay. The absence for the holiday shall not be deducted from the employee's accrual sick leave bank.

ABUSE OF SICK LEAVE: It shall be an abuse of sick leave for an employee to use sick leave for absences when the employee is not actually sick. The Superintendent, or his/her designee, is authorized to investigate when the circumstances in his/her discretion indicate suspected abuse of sick leave. As part of this authority, the Superintendent may require employees to provide written substantiation of a claim of illness, including a physician's verification. Abuse of sick leave may include but is not limited to: falsification of medical documentation, failure to provide appropriate documentation for absences when required, absences from work on an inordinate number of Mondays and/or Fridays during the year without sufficient documentation to substantiate an employee is unable to work. If incidents of abuse are determined, it shall result in discipline up to and including separation of employment. Absences not covered under this sick leave policy or the FMLA policy (4620.2) will be subjected to the Attendance Policies (4610.1 and 4620.2)

Section A - Basic Provisions

COMPLIANCE WITH FAMILY AND MEDICAL LEAVE ACT OF 1993:

The district's sick leave policy and this regulation shall be applied in accordance with the Family Medical Leave Act 1993 as amended. (See FMLA Policy 4620.2) When applicable, leave under this sick leave policy, the Family Medical Leave Act, worker's compensation, and any other leaves previously earned will run concurrently.

NOTIFICATION: Whenever it becomes apparent to an employee that the/she will be unable to report to work for any reason whatsoever, the employee is responsible for notifying his/her supervisor, or another person who has been designated to be notified, before the start of work. Persons designated as needing substitutes are also responsible for contacting the centralized substitute office as soon as the pending absence becomes known. Failure to make all contacts shall result in an unexcused absence.

If the employee is absent more than one (1) day in succession, he/she must give the required notification daily, unless the employee knows in advance that he/she would be out more than one (1) day and stated the fact at the time of prior notification. Persons designated as needing substitutes are also responsible for notifying his/her supervisor before the start of work. Failure to make contact shall result in an unexcused absence.

RETURN TO WORK: Notification of intention of an employee to return to work before the original completion date of requested absence shall be given to the Human Resources Department and to the Principal of the School or immediate supervisor. Notification must be given to the Human Resources Department and the immediate supervisor before 4:30 p.m. of the day preceding the date of the return.

An employee absent for a period of four (4) or more consecutive full calendar days in succession due to illness, injury or accident will be required to submit to the Human Resources Department a written statement from his/her physician stating the nature of the illness and the date(s) of treatment.

This statement is to be presented prior to the employee being returned to active duty. If there is a question as to whether the employee is able to perform his/her duties, the Chief Human Resource Officer may postpone the employee's return to work upon the recommendation of the medical doctor, who may be appointed by the Board and at the Board expense to examine the employee.

PAYMENT OF ACCRUED SICK LEAVE UPON RESIGNATION,

TERMINATION AND RETIREMENT: Employees who leave the school system through termination or resignation shall not be entitled to compensation for unused sick leave days/personal days, nor shall their estate have a claim for payment of unused sick leave/personal days in the case of death.

Certificated and/or exempt employees who have unused sick leave days at the time of their retirement, shall receive a payout of \$100 per day, non-

Section A - Basic Provisions

certificated/non-exempt employees shall receive a payout of \$50 per day. All employees shall be paid at the time of retirement or over up to a three (3) year period, as determined by the employee. Employees who participate in the St. Louis Public School Retirement Program may request to have their accumulated and unpaid sick leave days under this policy credited to the total time worked in the St. Louis Public School System for purpose of calculating retirement eligibility. From time to time the District may designate other uses of accumulated sick leave days.

ADMINISTRATION AND PAYMENT OF APPROVED SICK LEAVE: The District reserves the right to utilize a third party vendor to administer sick leave requests in accordance with its policies and procedures. The third party vendor shall have the right to approve or deny sick leave based on documentation received and in compliance with this policy. Absences of four (4) consecutive full calendar days or more will require documentation prior to payment being made and to avoid penalty under the attendance control policy.

RULES FOR EMPLOYEES WITH ACCRUED SICK LEAVE UNDER PRIOR POLICIES: Employees with accrued sick leave days accumulated under prior District policies (prior to January 2014) shall be permitted to maintain or use them, only as previously permitted (See Policy 4621). No further Sick leave days may be accumulated as set forth herein.

RULES FOR EMPLOYEES WITH ACCRUED PTO DAYS UNDER PRIOR POLICIES: Employees with accrued PTO days accumulated under prior District policies shall be permitted to maintain or use them, only as previously permitted (See Policy 4620.1). No further PTO days may be accumulated as set forth herein.

Participation in the STD/LTD Plans will be subject to applicable law, the Board’s insurer’s “pre-existing condition” rules for employees hired on or after January 1, 2004, and other provisions.
2. The STD/LTD Plans will be administered by the insurance companies providing such plans or their designee in accordance with the terms and conditions of the plan documents. To the extent the plan documents conflict with language contained herein, the plan documents shall control.

Section A - Basic Provisions

F. Educational Leave With or Without Pay

Educational Leave With or Without Pay will be granted according to the Board's policy, adopted by Board Regulation 4620.4, and applicable law, as follows:

Short Term Educational Leave With Pay - Short Term Leaves of absence with pay for the purpose of attending workshops, conferences, conventions, seminars and visitations conducive to the employee's professional growth may be approved and granted by the Superintendent. For the purpose of this policy, "short term" is defined as less than seven (7) calendar days.

Employees seeking Short Term Educational Leave with pay shall complete and submit to their immediate supervisor an Application for Leave of Absence form at least 15 days before the date of the leave. The immediate supervisor will review and provide a written recommendation for approval or disapproval to his/her immediate superior and the Superintendent. Upon final approval of the Short Term Educational Leave with pay by the Superintendent, the leave request form and final approval should be sent to the Division of Human Resources for processing no later than seven (7) days before the date of the leave.

Following authorized leave, the employee shall present a written summary of the development activity to his/her immediate supervisor and others, as requested. Employees authorized to be reimbursed for a conference, convention or other approved educational leave, must follow appropriate procedures as outlined in the Board's Regulations, Guidelines Governing Travel For Official School Business, Conferences, Conventions, etc. Educational leave normally will not be granted during the first and last ten (10) days of school.

Educational Leave Without Pay - Leaves of absence without pay, up to one (1) year in duration, for the purpose of study for professional improvement which shall directly benefit the St. Louis Public School System, may be approved and granted by the Superintendent.

Requests for Educational Leave Without Pay must be made in writing on the Application for Leave of Absence form and must be submitted to the applicant's immediate supervisor for processing at least one (1) month before the leave is to begin. The immediate supervisor will review and provide a written recommendation for approval or disapproval to his/her immediate superior and the Superintendent. Upon final approval of the Educational Leave Without Pay by the Superintendent, the Application for Leave of Absence form and final approval should be sent to the Division of Human Resources for processing no later than seven (7) days before the date of the leave.

Following authorized leave, the employee shall present a written summary of the development activity to his/her immediate supervisor and others, as requested. Employees authorized to be reimbursed for a conference, convention or other approved educational leave, must follow appropriate procedures as outlined in the

Section A - Basic Provisions

Board's Regulations, Guidelines Governing Travel For Official School Business, Conferences, Conventions, etc. Educational leave normally will not be granted during the first and last ten (10) days of school. If any employee has any questions about this policy, the employee should contact the Human Resources Department.

G. Family and Medical Leave of Absence

Family and Medical Leave will be granted according to the Board's policy, adopted by Board Regulation 4620.2, and applicable law. The St. Louis Public Schools ("the District") understands the importance of family issues to today's work force. The District also recognizes that more of its employees than ever before face conflicting demands of family obligations and work. Because employees may find it necessary to take leave from their jobs for a temporary period to address certain family responsibilities or their own serious health conditions, and in order to comply with the Family and Medical Leave Act of 1993 (FMLA), the District hereby establishes the following FMLA Leave Policy. Should an employee wish to exercise his/her rights under this Policy and/or the Family and Medical Leave Act, they should notify the District's Human Resources and follow the procedures set out in this policy for applying for FMLA leave.

Family and medical leaves of absence will be granted to eligible employees for the following reasons:

1. The birth of the employee's child or to care for the newborn child.
2. The placement of a child with the employee for adoption or foster care.
3. The care of an employee's child, spouse, or parent ("family member") who has a serious health condition.
4. The employee's own serious health condition.
5. Because of any qualifying exigency arising out of the active duty or call to active duty status of the employee's spouse, son, daughter or parent in the National Guard or Reserves, in support of a contingency operation.
6. The care of an employee's spouse, son, daughter, parent or next of kin (usually the nearest blood relative) who is a member of the Armed Forces who suffered serious illness or injury while on active duty that may render the person unable to perform the duties of the service member's office, grade, rank or rating.

Section A - Basic Provisions

Eligible Employee - Any employee with twelve (12) months of service and at least 1,250 hours worked in the twelve (12) month period preceding the FMLA leave.

Serious Health Condition - For purposes of this policy, "serious health condition" means an illness, injury, impairment or physical or mental condition that involves:

1. In-patient care (i.e., an overnight stay) in a hospital, hospice or residential care facility; or
2. Any period of incapacity* requiring absence from work of more than three (3) consecutive full calendar days, that also involves continuing treatment by (or under the supervision of) a licensed health care provider and at least (a) two (2) in-person visits to the health care provider; or (b) one (1) in-person visit to a health care provider plus a regimen of continued treatment; or
3. Continuing treatment by (or under the supervision of) a licensed health care provider for incapacity* due to pregnancy or incapacity* due to a chronic or long-term health condition that is incurable or so serious that, if not treated, would likely result in a period of incapacity of more than three (3) consecutive full calendar days.

*For purposes of this Policy, "incapacity" means an inability of the employee to perform his or her job duties, or for the employee's family member, an inability to work, attend school or perform other regular daily activities.

Leave of Absence - An eligible employee is entitled to a maximum of twelve (12) weeks (twenty-six (26) weeks to care for the recovering member of the Armed Forces) of unpaid FMLA leave within a rolling twelve (12) month period.

For employees employed primarily in an instructional capacity, when FMLA leave is foreseeable based on planned medical treatment and would last longer than 20% of the total number of working days during the FMLA leave period, the District may require the employee to choose either to take FMLA leave for periods of particular duration, or not to exceed the duration of the planned treatments, or to transfer temporarily to an alternative position for which the employee is qualified that has equivalent pay and benefits, and which better accommodates recurring periods of leave than the employee's regular position.

An employee taking FMLA leave may not, without permission, engage in other work or employment during the time of the FMLA leave. If an employee engages in other work or employment during the leave, without specific written permission from the District, the employee will be considered to have violated the

Section A - Basic Provisions

terms of the FMLA leave and to have voluntarily terminated his or her employment with the District.

FMLA Leave Near End of Academic Term - For those employees primarily employed in an instructional capacity taking FMLA leave under this policy, the following restrictions apply:

1. If the employee begins FMLA leave more than five (5) weeks before the end of the academic term for any reason, the District may require the employee to continue taking FMLA leave until the end of the term if
 - a. The FMLA leave is at least three (3) weeks and
 - b. The employee's return would take place during the last three (3) week period of the academic term.

2. If the employee begins the FMLA leave less than five (5) weeks before the end of the term for the birth or placement of a child, or for the serious health condition of a child, parent or spouse, the District may require the employee to continue taking FMLA leave until the end of the academic term if
 - a. The FMLA leave is no longer than two (2) weeks and
 - b. The employee's return would take place during the last two-week period of the academic term.

3. If the employee begins FMLA leave less than three (3) weeks before the end of the term for the birth or placement of a child or for the serious health condition of a child, parent or spouse and the leave is for more than five (5) working days, the District may require the employee to continue taking FMLA leave until the end of the academic term.

Military Exigency Leave - An employee who is otherwise eligible for FMLA leave may take FMLA leave for a "qualifying exigency" stemming from his or her spouse, son, daughter or parent's call or order to active military duty, or notice of an impending call or order. Military exigency leave applies only to Military Members of the Reserves, National Guard, and certain retirees -- it does not apply to regular Armed Forces personnel. Similarly, it is based on a federal call or order to active duty; state call-ups do not qualify for military exigency leave. The term "qualifying exigency" is limited to the following broad categories:

Section A - Basic Provisions

1. Short-notice deployment (seven (7) or fewer days before deployment);
2. Military events and related activities;
3. Child care and school activities (including alternative child care arrangements; urgent child care needs; enrolling or transferring to new school or daycare; and school/daycare meetings);
4. Financial and legal arrangements;
5. Counseling (by someone other than a healthcare provider);
6. Rest and recuperation (limited to five (5) days per R&R leave); and
7. Post-deployment activities within first ninety (90) days following Military Member's return

Additional activities not encompassed in the above categories, but agreed to by the District and the employee. The employee shall provide the District with a copy of the Military Member's active duty orders (or other official documentation) to substantiate the call to active duty. The District will provide the employee seeking military exigency leave with a Military Exigency Certification form to be completed, along with the Eligibility Notice and Notice of Rights and Responsibilities (see below). The employee will be expected to complete and return the Certification form within fifteen (15) days of receipt.

Intermittent Leave or Reduced Work Schedule - An eligible employee may take FMLA leave in twelve (12) consecutive weeks, may use the leave intermittently (i.e., take days periodically when needed over the twelve (12) month period) or, under certain circumstances, may use the leave to reduce the workweek, as described in this policy. In all cases, the FMLA leave may not exceed twelve (12) weeks during the rolling twelve (12) month period, except for military family caregiver leave.

1. If an employee needs intermittent or reduced schedule leave for planned medical treatment for the employee, a family member or covered servicemember, the District may temporarily transfer an employee to an available alternative position with equivalent pay and benefits, if the alternative position would better accommodate an intermittent or reduced work schedule.
2. For the birth, adoption or foster care of a child, the Human Resources Department and the employee must mutually agree to the schedule before an employee may take intermittent leave or work a reduced schedule. The District is not obligated to allow intermittent leave or a reduced leave schedule for the birth, adoption or foster care of a child. Leave for the birth, adoption or foster care of a child must be taken within one (1) year of the birth or placement of a child.

Section A - Basic Provisions

Substitution of Paid Leave - An employee taking FMLA leave due to the employee's own serious health condition may use, at his-her option, accrued PTO days, vacation days or any other previously accrued paid time off that the employee has available, before continuing leave on an unpaid basis. Any leave whether paid or unpaid or a combination thereof, for any reason that would qualify for leave under the FMLA will run concurrently with and will be counted towards the employee's twelve (12) weeks of entitlement.

Employee Notification Requirement - All employees requesting leave under this Policy are required to provide written notice at least thirty (30) days in advance of the leave, whenever possible. Absent unusual circumstances, notice of the need for leave must be made by completing the District's Leave Request Form and submitting the form to the District's Human Resources Department. If thirty (30) days' notice is not possible, such as because of the lack of knowledge of when leave will begin, a change in circumstances, or a medical emergency, notice must be given as soon as practicable. The written notice must contain: (a) Sufficient information for the District to determine whether the leave may qualify for FMLA protection (e.g., information that the employee is unable to perform his/her job functions, the family member is unable to perform daily activities, the need for hospitalization or continuing treatment by a healthcare provider); (b) the anticipated duration of the leave; and (c) the anticipated start of the leave. Employees must also inform the District if the requested leave is for a reason for which FMLA leave was previously taken or certified.

If the employee fails to provide thirty (30) days' notice for a foreseeable leave, with no reasonable excuse for the delay, the leave request may be denied until at least thirty (30) days from the date the employee reasonably should have provided notice.

Upon receipt of the written notice from the employee requesting leave, the District shall inform the employee, generally within five (5) business days, as to whether or not they are eligible for FMLA leave. Along with that notice of eligibility, the District will also notify the employee of his/her rights and responsibilities under the FMLA. If the District needs additional information in order to determine whether or not a request for leave qualifies under the FMLA, that request for information shall accompany the notice of rights and responsibilities. If the employee is not eligible, the District will provide a reason why (e.g., the employee has not worked for the District for a total of twelve (12) months).

Planned Medical Treatment - An employee undergoing planned medical treatment must make reasonable efforts to schedule the treatment so as not to unduly disrupt the operations of the employee's department or School.

Medical Certification - An employee who takes leave under this Policy to care for a spouse, child or parent with a serious health condition, or because of the

Section A - Basic Provisions

employee's own serious health condition, or to care for a family servicemember with a serious illness or injury, must provide written medical certification. The District will provide a medical certification form to the employee to be given to the treating health care provider, generally within five (5) days after the employee returns the Leave Request Form. The certification must be returned to the District's Human Resources Department within fifteen (15) days, or the employee must provide a reasonable explanation for the delay.

Certification of a serious health condition must include the following:

1. The date the serious health condition began;
2. The health care provider's judgment concerning the probable duration of the condition;
3. The relevant medical facts of the employee's or family member's serious health condition;
4. A description of the nature of any recommended course of treatment;
5. An indication of whether in-patient hospitalization is necessary;
6. A statement that the employee either cannot perform any type of work or cannot perform the essential functions of the employee's job (when the leave is for the employee's own serious health condition); and
7. A statement that the family member needs assistance or that the employee's presence would be beneficial or desirable for the care of the family member (when leave is taken to care for a family member with a serious health condition).

If the employee plans to take intermittent leave or work a reduced schedule, the certification must also include dates and duration of treatment and a statement of medical necessity for taking intermittent leave or working a reduced schedule. While on leave, the employee may be asked to periodically report on his or her status or the status of the family member and whether the employee intends to return to work.

The District reserves the right to require, at the District's expense, that the employee obtain the opinion of a second healthcare provider (approved by the District). In the case of conflicting opinions, the District reserves the right to require, at the District's expense, a medical opinion from a third healthcare provider, approved jointly by the employee and the District, which will be final and binding on the District and the employee.

Failure to provide medical certification as requested will result in the delay of the leave until such certification is provided, or denial or termination of leave if no certification is provided.

Section A - Basic Provisions

Return to Work - An employee on a FMLA leave due to the employee's own serious health condition must provide medical certification of fitness to return to work before the employee will be reinstated to active service. Failure to provide this certification may result in delay or denial of job restoration.

Designation Notice - Within five (5) business days after receiving sufficient information to make the determination that the employee is eligible for FMLA leave, the District will provide the employee with a Designation Notice. This form will confirm whether or not the requested leave is FMLA qualifying or ask the employee to provide any additional information needed. If the leave will be designated as FMLA qualifying, the District will inform the employee of the amount of leave that will be counted against the employee's leave entitlement (if known at the time).

When an employee takes paid time off (e.g., PTO days or sick pay benefits), which would otherwise qualify as leave under this Policy except that the employee has not specifically requested FMLA leave under this Policy, the time spent on such a leave will be designated as FMLA leave and be counted towards an employee's total number of weeks to which the employee is entitled under this Policy.

Military Family Caregiver Leave - An eligible employee who is the spouse, son, daughter, parent, or next of kin of a covered servicemember who is recovering from a serious illness or injury sustained in the line of duty on active duty is entitled to take up to twenty-six (26) weeks of leave in a single twelve (12) month period to care for the servicemember. "Next of kin" usually means the closest blood relative of the injured or recovering servicemember. This caregiver leave is available during a "single twelve (12) month period" during which an eligible employee is entitled to a combined total of twenty-six (26) weeks of all types of FMLA leave. The recovering servicemember must be a member of the Armed Forces (including the Reserves and National Guard) who is undergoing medical treatment, recuperation or therapy, is on out-patient status, or is otherwise on a temporary disability retired list, for a serious injury or illness. A "serious injury or illness" is one incurred while on active duty in the Armed Services that may render the person unable to perform his/her military duties.

Benefit Continuation - The District will continue to provide medical and other benefits to employees on FMLA leave who were receiving said medical and other benefits at the commencement of the FMLA leave. The employee will be required to pay his/her employee contributions from any pay earned during the FMLA leave. To the extent the employee receives insufficient compensation to pay his/her required employee contributions during the FMLA leave, the District will maintain the benefits for the employee; however, the employee will be required upon return from the FMLA leave to reimburse the District for any employee contribution not paid by the employee during the FMLA leave.

Section A - Basic Provisions

If at the time of applying for FMLA leave or during the leave, the employee intends not to return to work or decides not to return to work after completion of the FMLA leave, the employee will be required to reimburse the District for the cost of payments made to maintain the employee's benefits during the leave. This provision shall not apply if the failure to return to work is due to the continuation, recurrence or onset of a serious health condition or other circumstances beyond the control of the employee.

Use of FMLA leave will not result in the loss of any employment benefit that accrued prior to the start of an employee's leave.

Job Restoration - The employee will be returned to the same or equivalent position with no loss of benefits accrued prior to the commencement of his/her leave. Any employee who does not return to work at the end of an authorized FMLA leave is subject to immediate termination of employment. subject to such rights that the employee may have under the law.

Prohibited Conduct - FMLA makes it unlawful for any employer to:

- Interfere with, restrain, or deny the exercise of any right provided under FMLA;
- Discharge or discriminate against any person for opposing any practice made unlawful by FMLA or for involvement in any proceeding under or relating to FMLA.

Enforcement - An employee may file a complaint with the U.S. Department of Labor or may bring a private lawsuit against an employer.

FMLA does not affect any Federal or State law prohibiting discrimination, or supersede any State or local law or collective bargaining agreement which provides greater family or medical leave rights. If you have any questions about your benefits or responsibilities under this Policy, contact the Human Resources Department.

H. General Leaves of Absence

General Leaves of Absence will be granted according to the Board's policy, adopted by Board Regulation 4620, and applicable law, as follows:

Other Leaves - General - For other good reasons not covered under the policies of this part, the Superintendent, upon receiving a written request from the employee, may recommend to the Board that an employee be granted a leave of absence with or without pay to address an extraordinary situation. Any such leave of absence shall generally be limited to one (1) year.

Section A - Basic Provisions

Application For Leave Of Absence - It shall be the responsibility of each employee to make a written application for a leave of absence in advance of the period of the absence consistent with the timelines specified in the policies of this part covering the specific leave. Requests for leave shall be made on the appropriate District form. Each request for leave must be submitted to the employee's immediate supervisor prior to the date of the leave for review and written approval, if appropriate. After final approval, the application for leave will be submitted to the Human Resources Department at least seven (7) days before the date of the leave, unless otherwise specified.

Employment During Leave - Unless recommended by the Superintendent and authorized by the Board, an employee on leave of absence, excluding military leave, shall not accept full-time employment elsewhere during the period of leave. Full-time employment elsewhere during a leave without Board approval shall be considered a resignation on the part of the employee.

Cancellation Of Leave - A leave of absence is automatically cancelled when the reason for which the leave was granted is changed by the employee.

Employee Status During Leave - Except as otherwise indicated in policies of this part, authorized leaves of absence without pay shall not impair the tenure or permanent status of an employee, nor shall it constitute a break in year(s) of employment for a probationary employee, but periods of such leaves of absence shall not be counted as periods of service for the attainment of tenure or permanent status or for salary advancement purposes.

Application For Reinstatement - Whenever a leave of absence has been granted for a period of five (5) weeks or longer, written application for reinstatement must be received by the Division of Human Resources, consistent with the timelines specified in the policies of this part for such leave.

Reinstatement - Except as otherwise provided under the District's FMLA Leave Policy, upon the expiration of an extended leave of absence with or without pay, the employee may be reinstated to the position he/she occupied at the time the leave was granted or may be assigned to another position for which he/she is qualified (if the original position is no longer vacant), so long as the employee can perform the essential functions of the job, with or without reasonable accommodation. Failure of an employee to report for duty promptly at the expiration of the leave of absence shall be deemed a resignation on the part of the employee. If any employee has any questions about this policy, the employee should contact the Human Resources Department.

I. Failure to Report to Work

ARTICLE II TEACHER RESPONSIBILITY

- A. It is recognized that a teacher's professional responsibilities include but are not limited to such functions as: working with students, parents and staff members, class preparation, Professional Development, staff meetings and assisting and supervising the dismissal of students at the end of each school day.
- B. In performance of their teacher functions, teachers shall be responsible for presenting all sides of an issue and for providing students with the opportunity to investigate all facets and opinions of or about any and all germane topics and materials relating to the curriculum introduced or presented, and shall have specific responsibilities to provide such opportunity with regard to the topic of the curriculum which are or maybe of controversial nature. Such germane material presented to students must be appropriate to the maturity level and intellectual ability of the students. Teachers must abide by Board Policies and Regulations governing controversial issues.
- C. Controversial issues should be dealt with as impartially and objectively as possible. The teacher is a guide to the learning process not a molder of opinion and as such must represent access to a variety of points of view. A teacher who feels compelled in the study to take a position should do so clearly by indicating that it is his/her opinion within the frame of many arguments to which reference can be made. The teaching staff must assure that students feel no pressure to reach agreement in the study of issues where a variety of opinions is respected academically. The teacher shall permit the expression of the views and opinions of others and will encourage students to examine and analyze, evaluate and synthesize all available information about such topics and materials and will encourage each to form independent views and opinions through such procedures.
- D. Teachers shall at all times strive to promote tolerance for the views and opinions of others and for the right of individuals to form and hold differing views and opinions.
- E. To the extent permissible by law, the Board shall support teachers adhering to the Board Policies, Regulations and procedures and shall in no way recriminate against same so long as said teacher adheres to Board Policies, Regulations and procedures. Nothing herein, however, shall be construed as to render immunity to any teacher for acts which are determined by the Board to be libelous, slanderous, or which in any way violate the civil rights of others.
- F. Teachers shall comply with the accepted practices of the Board and/or the Superintendent or his/her designee with regard to changing any academic grade for any student.
- G. Efforts shall be made to schedule parent conferences at mutually agreeable times during the teacher's planning period. At least a twenty-four (24) hour notice of

Section B - Teachers

the conferences shall be given. If the principal determines that the issue warrants immediate attention, classroom coverage shall be provided.

- H. The principal will inform the teacher by September 30th as to the schedule for submitting student grades at the end of each marking period in compliance with the Board's school calendar.
- I. Outside-of-class sponsored activities: i.e., student council and clubs, shall be on a voluntary basis.
- J. Teachers shall handle and address student discipline matters in accordance with the provisions of the Student Rights and Responsibilities Related to Conduct Handbook, which was created in consultation between the Parties.

Section B - Teachers

ARTICLE III IMPLEMENTATION OF STUDENT DISCIPLINE POLICIES

- A. A teacher may exclude from his/her class a child who, in the teacher's opinion and with administrative agreement, is causing serious disruption. The teacher shall confer with the principal, assistant principal or counselor to provide the necessary information concerning the problem and shall provide a statement of the problem in writing at the time or within the current work day.
- B. The teacher will readmit the child following a conference with the child and the principal or his/her designee(s). The parent will be notified and required to participate in this or subsequent conferences at the discretion of the principal consistent with Sections 167.161 and 167.171 of the Revised Statutes of Missouri.
- C. If either the teacher or the principal has reason to believe that the presence of the parent/guardian at this conference could negatively affect the conference, the principal may determine that the teacher's presence may not be required. An administrator shall be present whenever a teacher has provided prior notice that an irate parent could negatively affect the conference. The teacher shall attend the meeting if the administrator or designee is available.
- D. The teacher shall be present, unless by mutual agreement of the principal and teacher, they decide that the teacher's presence is not necessary. The teacher shall be informed in writing as to the actions to be taken after the conference, preferably, prior to the return of the student.
- E. In case all the teachers who work with the child in all classes recommend suspension and the principal disagrees, the teacher shall address a request to the Superintendent's designee who shall determine if the child shall be recommended for suspension.
- F. If the recommendation of the Superintendent's designee is not to suspend the student in question, then the Superintendent's designee will notify the teacher(s) in writing within ten (10) working days of his/her findings and recommendations.
- G. Principals will notify the police and safety officer (or the District's Safety and Security Division if no safety officer is assigned to a specific school) when a teacher is assaulted by students, parents, other school personnel and/or outside intruders, or suffers property loss or damage (including automobiles) after consultation with the teacher, provided the teacher is willing to sign a formal complaint.
- H. The principal shall notify the police and school safety officer (or the District's Safety and Security Division if no safety officer is assigned to a specific school) when an intruder refuses to leave the school premises after being so requested or when an intruder disrupts class activities and does not desist upon being directed to stop.

Section B - Teachers

- I. When in the opinion of the counselor, dissemination of a discipline decision will destroy or seriously impair the counselor/counselee relationship with a student, the counselor will so inform the principal or his/her designee who shall issue a decision as to whether or not the counselor is to disseminate the discipline decision.
- J. A continuous record of student discipline cases will be maintained in the Student Information System ("SIS") or any upgrade or substitute system available for staff that have jurisdiction over a student to use as a basis for recommendations for suspension and intelligent administering of penalties for misdemeanors.
- K. Principals shall report to the Superintendent all cases of assault suffered and reported by teachers in connection with their employment, whether or not injuries have been suffered or in which there appears to have been malicious intent. Such assaults against teachers shall be reported to the police and school safety officer (or the District's Safety and Security Division if no safety officer is assigned to a specific school) by the teacher and the principal or his/her designee. In any such assault case in which the principal has reason to believe that the assault occurred and was without provocation, the principal shall:
 - 1. Assist the teacher(s) by acting as liaison between the teacher(s), the police and the courts.
 - 2. Recommend the student for disciplinary action in accordance with the rules and regulations of the Board.
- L. It is recognized that in developing responsible student conduct, the positive disciplinary techniques of example, counseling and guidance should take precedence over punitive disciplinary measures. In this regard, communication with parents on matters of discipline, safety and other local school regulations is essential.
- M. It is essential that a clear understanding should exist between the principal and the teachers in each school. The principal shall be immediately informed when students engage in a physical altercation upon the onset of a problem. Administration shall promptly respond.
- N. Teachers shall not be reprimanded or otherwise penalized solely on the basis of the number of student discipline referrals which seek assistance from the school administrator unless the number of such referrals provides adequate proof of inefficiency on the part of the teacher.

Section B - Teachers

ARTICLE IV ASSIGNMENT, TRANSFER AND PROMOTION - TEACHERS

A. Introduction

In the determination of building assignments, such factors as training, experience, special qualifications and interests, performance, and length of service/seniority will be considered in order to strive towards a proper balance of teachers. The Board recognizes length of service/seniority is an important consideration as well in determining assignment to a building. To the extent the provisions of this Article conflict with Section A, Article X, the provisions of this Article shall control, as determined by the Board, in its discretion.

The assignment of a teacher to a building or department will be determined by the needs of the District and the qualifications and experience of the teacher. All teachers shall be subject to transfer or change of assignment as the Superintendent may deem necessary in accordance with law. Any such transfer shall be reported to the Board. The Board and Union believe that, in considering building assignments, it is vital that both the teacher and the principal consent to the assignment. The principal is responsible for assigning teachers to grades/levels where, in his/her opinion, the teachers would be of the greatest service.

More than one member of a family may be eligible for employment in the Board. Whenever more than one member of a family is employed in the Board, they will not normally be assigned to teach in the same building. The husband, wife, brother, sister, son, daughter, son-in-law, daughter-in-law, or parent of wife or husband shall be considered a member of the family.

Prior to May 1st of each school year, as practicable, time shall be devoted at a faculty meeting to a discussion of the procedures to be used in making assignments for the coming year. Tentative plans, goals and personnel needs for special programs shall also be discussed. The principal shall not use retaliatory action to make staffing assignments.

At the same time, teachers, as practicable, shall be given an opportunity to fill out "preference sheets" indicating three (3) preferences in order of priority of grade level and type of class on that level with the understanding that, where advisable and possible, the principal will honor such preferences. Teachers shall be given an opportunity to discuss their assignment requests with their principal or designee.

Tentative assignments shall normally be made before the last day of the school year.

When a teacher is reassigned to another room, grade or program within a school during a school year, he/she will be given three (3) working days' notice to prepare for the reassignment unless there are reasons of overriding importance.

Section B - Teachers

Upon written request of the teacher, with a copy to the Human Resources Department, reasons for the assignment shall be stated in writing by the principal. The validity of the assignment shall be subject to the grievance procedure.

B. Teacher-Initiated Transfers for Regular Certificated Positions

The Superintendent has the final authority to assign and transfer staff in the best interest of the students and educational program of the District. In respect to the Board's goal to select and employ the best-qualified personnel, the Board desires to provide opportunities for qualified employees to apply for transfers to regular vacant positions or new positions. Transfers of certificated teachers to regular positions under this provision refer to similar or like positions.

When vacancies are approved by the Human Resources Department, the list of vacant positions will be posted, as practicable, and as set forth in this Policy Statement. The District will develop a transfer process in collaboration with the Union by February 2012.

C. Filling Vacancies During the School Year

When teaching vacancies occur during the school year, the major interest of the Board and Board is to attempt to fill the vacancy promptly with the best qualified replacement, maintain continuity of learning in the classroom, and provide for the least amount of disruption in the Board's educational program in other classes. Unless there are extenuating circumstances whereby the Superintendent determines it is for the welfare of all students to approve a transfer, vacancies occurring during the school term will normally be filled by appointing qualified substitutes or other regular applicants for these positions. Generally, these mid-year appointments will be considered temporary for the remainder of the school year only, unless the Superintendent determines that the appointment should continue on a permanent basis.

As a general rule, shorter-term vacancies resulting from extenuating circumstances occurring during the school year may be filled directly by the Human Resources Department and the supervising administrator.

Vacancies which are filled temporarily during the year, and which remain vacant for whatever reason, will then be posted as vacancies for the next school year, and teachers may submit Transfer Request Forms. Upon written request of the teacher, with a copy to the Human Resources Department, signed by the principal.

Following the transfer procedures outlined, if it is determined that the proposed transfer is necessary, the Human Resources Department will notify the teacher in writing.

Section B - Teachers

D. Posting of Positions and Time Schedules

The Human Resources Department will make every attempt to provide prompt posting of teaching positions and assist with supporting transfer requests so that transfer decisions can be made prior to the close of school, if possible. However, vacancies posted toward the close of the school year and during the summer may require a longer time sequence to fill the position due to summer vacations and problems related to scheduling interviews.

E. Exit Interview

When an employee transfers to another building and/or assignment, or terminates employment with the Board, the employee may request and be granted an exit interview with the principal and/or a designee from the Human Resources Department, if agreed to by all Parties involved.

The Board endorses the concept of exit interviews and believes valuable information can be gathered to benefit employees and the Board. However, should there be extenuating circumstances, a request for an exit interview can be denied by the Human Resources Department.

F. Administration-Initiated Transfer

Teacher transfers by request of the administration will be made when necessary and in the best interest of the District.

There are times when staffing needs at a particular grade level or school change due to enrollment shifts. When enrollment projections suggest that a reduced number of teachers may be needed in a grade or school, it is important that all teachers who could be impacted by such a change are informed as early as possible. This will allow the teachers being impacted to plan for the change before other options close.

There are also times when changes in enrollment significantly alter the composition of teaching positions. It may not be possible to keep the existing teacher in that position. As practicable, and consistent with the foregoing provisions, the tenured teacher in that position shall be considered a transfer candidate for all similar vacant positions within the same area of certification.

In regard to the transfer/reassignment of surplus teachers from a school due to enrollment changes (*e.g.*, after the start of each school year), the following general policies shall apply:

1. The Superintendent, in his/her judgment, may appoint a committee to review and determine whether there is a need for reassignment/transfer of teachers due to enrollment shifts and changes in the District. The Union shall be invited to participate in such meetings.

Section B - Teachers

2. In the event reassignment/transfer of teachers is determined to be necessary, the principal, in consultation with the Associate Superintendent and the Human Resources Department, will make a recommendation to the Superintendent on the surplus teacher(s) in a particular school to be transferred.
3. The principal's recommendation to the Superintendent shall be based solely upon the needs and best interests of the particular school and the students enrolled there, in the judgment of the principal, and shall be not be made arbitrarily or in a discriminatory manner.
4. The Union shall be kept apprised of reassignment/transfer decisions, and shall be afforded the opportunity to participate in the process and discussions through which any recommendation for reassignment/transfer is made to the Superintendent.
5. After it is determined that an administrative transfer is necessary (for whatever reason), the teacher being considered for a transfer shall meet with the teacher's principal. Under unusual circumstances, the Superintendent may find it necessary and in the best interest of the school system to provide an immediate transfer without the opportunity for a conference.
6. The Superintendent shall approve all reassignment/transfers recommendations, and his/her decision shall be final. The Human Resources Department will notify the teacher impacted by any reassignment/transfer decision, in writing (which shall include electronic mail).
7. Notice of transfer shall include the building location and assignment. If the specific assignment has not been finalized by the principal, the teacher will be notified promptly by the appropriate administrator as soon as the details of the assignment are known.
8. The Superintendent shall approve all assignment or transferred recommendation and that decision shall be final. The Human Resources Department will notify the teacher affected by any reassignment or transfer in writing, which may be e-mail. Notice of transfer shall include the building location and assignment. If the specific assignment has not been finalized by the principal, the teacher will be notified promptly by the appropriate administrator as soon as the details of the assignment are known. Notwithstanding anything to the contrary in this Policy Statement, the Superintendent may deny or institute any transfer for the good of the District, in the Superintendent's best judgment.

Section B - Teachers

G. Exceptions Governing Transfers

Athletic coaching duties are assigned to teachers of subject matter, therefore, vacancies in coaches of subject matter positions may have to be filled by transfers based on consideration of both subject certification and coaching qualifications of teachers, as determined by the Superintendent.

H. The provisions of this Article shall not be modified during the period of time up to June 30, 2020, absent mutual agreement of the parties, or a declaration by the Board that an emergency exists, as set forth herein. Financial negotiations will be negotiated prior to the beginning of the school year (2019-2020).

Section B - Teachers

ARTICLE V REDUCTIONS IN FORCE

Reductions in force shall be determined, at all times, in accordance with law.

A. Surplus of Teachers: If there is a surplus of teachers within the District, the surplus teacher or teachers shall be determined on the following general bases:

1. Assuming that qualification(s) and certification(s) are equal, permanent teachers are allowed to remain in preference to probationary teachers and the probationary teachers in preference to substitutes, as possible.
2. Among teachers of equal rank, and assuming that qualification(s) and certification(s) are equal, in the judgment of the principal with the concurrence of the Superintendent, the teacher or teachers in the school or department with the least accumulated seniority would be surplus.

B. Reduction in Teaching Staff

1. When it becomes necessary to reduce the total number of teaching positions within the District, the Board shall determine those grade levels and/or subject areas to be reduced.
2. Upon such determination, the individual(s) with the least system-wide seniority in that certification area shall be placed on an involuntary leave of absence.
3. Those individual(s) teaching at a school where a grade level or subject area is to be reduced but whose seniority prevents them from being placed on an involuntary leave of absence shall be declared to be surplus. The employee shall be placed in any vacant grade level or subject area in the District for which he/she is certified with the most senior having the first choice of vacant positions, the next most senior, and so forth.

Among teachers of equal rank, the employee with the least system-wide seniority shall be transferred, except where a teacher is responsible for certain special programs or has particular qualifications of overriding importance other than classroom teaching, that are needed somewhere, as long as there is no other qualified employee at the school site. Qualifications shall be determined by the District.

Subject to the provisions contrary in this Policy Statement, no teacher shall be assigned to a school or work site unless the principal or work site supervisor and teacher mutually consent to the placement.

No appointment of new employees shall be made while there are available employees on involuntary leave of absence who are properly qualified to fill such vacancies.

Section B - Teachers

C. Cancellation of Transfer

Should a determination be made on or before the last day that school offices are open before the first day of the school year that a reduction of employees is not necessary, the transferred employee shall be offered the opportunity to return to his/her original facility and grade if applicable.

D. The provisions of this Article shall not be modified during the period of time up to June 30, 2020, absent mutual agreement of the parties, or a declaration by the Board that an emergency exists, as set forth herein.

Section B - Teachers

ARTICLE VI TEACHER RIGHTS

A. Use of Intercom

1. Consistent with the Board's long established policy disapproving any surveillance of teachers through intercom devices or video, the Board reaffirms its instruction to principals and other administrative employees that in schools and offices equipped with two-way intercom systems, an audible or other signal will be given to a room or rooms indicating when such a system is being turned on, and also reaffirms its instructions to principals and other administrative employees not to make statements or announcements over an intercom or public address system which are derogatory or critical of teachers.
2. The intercom shall not be used for paging students or staff except in extreme emergencies.
3. Announcements shall be confined to the appropriate classroom or grades if the intercom is so equipped.

B. Meetings

1. Teachers are required to attend all faculty and department meetings that may arise from time to time, unless excused by the principal. Faculty meetings shall be announced at least twenty-four (24) hours in advance with a written agenda, except in emergency situations. Efforts will be made to limit these meetings to no more than two (2) per month. Every effort will be made to limit the length of the meetings to not more than one hour and fifteen minutes in duration and to start faculty meetings within ten (10) minutes of dismissal of school. Faculty and department meetings shall not be held on weekends or holidays.
2. The principal shall determine when faculty meetings shall be called. However, meetings shall be called only when necessary to accomplish specific purposes. Teachers may be required to attend PTA meetings, open house events and other functions which contribute to the educational climate and community relations of the school, including outside of working hours, as directed by the Superintendent in writing, provided that such requirements are fairly and uniformly imposed.
3. Teachers shall be entitled to submit written requests for inclusion of subjects on the agenda of faculty meetings and the method of presentation thereof. If the matter is not included on the next agenda, the principal shall notify the teacher making the request either of the date when the subject will be so included or the reason for his/her refusal to do so.

Section B - Teachers

4. Teachers are required to attend parent conferences and student conferences which shall be scheduled by mutual agreement of the parent/guardian and the involved staff. Employees shall not be required to conduct parent conferences during the uninterrupted portion of the lunch period. When a parent/guardian wishes to initiate a parent/guardian conference, the parent/guardian will make an appointment with the teacher that correlates with the planning time of the teacher. Parent/guardian conferences shall not interrupt the instructional day of the teacher.
5. Professional conferences, workshops and school visits shall be organized and encouraged by the principal and or his/her designee to allow employees opportunities for professional growth.

C. Classroom Interruptions

Classroom interruptions are to be kept to a minimum. Any interruptions found to be necessary will, whenever possible, be timed to coincide with the beginning or ending of class periods or during homeroom sessions.

D. School Supplies Fund

The Board and principal will make every reasonable effort to provide basic classroom supplies and sufficient textbooks, including a copy of any teacher edition of any textbook, to the classroom teacher. The Board shall establish a supply appropriation at each school in regular grades Kindergarten to 12th. A designated portion of this fund is to be used for instructional programs, planned and developed by parents, students, teachers and administrators.

E. Classroom with Specialists

When an elementary classroom is being served by a specialist, the regular classroom teacher may remain in the classroom during the specialist's lesson if the teacher so desires, but shall not be required to do so. This requirement shall not be applicable to Springboard to Learning classes.

Section B - Teachers

ARTICLE VII EVALUATION

A. Permanent Teachers

1. Each principal shall be responsible for evaluating the overall performance of all assigned teachers according to the Performance-Based Teacher Evaluation program adopted by the Board.
2. Permanent teachers shall also receive, each year, a form document in which they must express their intent to return (or not) the following year, to be returned within the time specified by the Board and in order that the Board is notified by April 15th of each year (or at some other later time specified by the Board) that a teacher does not intend to return the next year.

B. Probationary Teachers

1. Each principal shall be responsible for evaluating the overall performance of probationary teachers according to the Performance-Based Teacher Evaluation.
2. Probationary teachers not to be retained shall be notified of their status for the following school year by April 15th. Probationary teachers who are to be retained shall receive a Probationary Teacher Contract and must sign the Probationary Teacher Contract and return it to the Human Resources Department within the time period specified by the Board or within seven (7) days from the date of the letter containing the contract, whichever is longer.

C. Responsibility for Evaluation

The principal shall assume responsibility for the evaluation of teachers.

D. Suggestions for Improvement

In conjunction with making a final evaluation of a teacher who requires improvement in the instruction areas, the principal, after adequate observation and consultation and attempts at remediation, shall provide the teacher with written suggestions for improvement. The principal's written decision shall be well documented after consultation with the teacher.

E. Written Response

If a teacher wishes to attach a written response to his/her original written evaluation, the teacher shall do so within three (3) working days after receipt of the written evaluation. Affixing a signature signifies receipt not agreement.

Section B - Teachers

F. Standards and Criteria

1. Within thirty (30) days of job assignment or any change in the evaluation form, standards, criteria and procedures, teachers shall be fully informed in writing as to the evaluation form, standards, criteria and procedures used for evaluation of their performance.
2. Conference(s) with the administrator which may lead to demotion, transfer, reprimand (letter), suspension or dismissal must be in writing stating the subject of the conference, providing at least twenty-four (24) hours' notice, and informing the employee that the employee is entitled to one (1) Union representative at the meeting.
3. An observation may not be relied on to support an unfavorable evaluation of the employee unless a written statement of the observation is given to the employee within three (3) working days following the observation. Evaluations for teachers shall be completed by May 30th. No employee shall receive a "Basic" rating solely because the teacher was absent on an authorized leave.

G. Revision of Evaluation Form

Upon adopting an annual evaluation for teachers, the Board will discuss with the Union any changes from the present evaluation form. Teachers shall be informed of any change in the evaluation format at least thirty (30) days prior to implementation of the change.

- H. In consultation with the Union, the Board adopted and implemented, in accordance with its previous resolution, a system of peer review referred to as "The Internal Board of Review ("IBOR") under the St. Louis Plan." As presently constituted and amended by this Policy and Rules, the Board will implement IBOR to the extent it is consistent with the terms of this Policy Statement.
